### INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Barwell Securities Corporation

We have audited the accompanying statement of financial condition of Barwell Securities Corporation as of November 30, 2004, and the related statement of income (loss), changes in ownership equity, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Barwell Securities Corporation as of November 30, 2004, and the results of its operations and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The Computation of Net Capital, Computation of Basic Net Capital Requirement, Computation of Aggregate Indebtedness, and the Statement of Changes in Liabilities Subordinated to the Claims of General Creditors are presented for the purposes of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

ne Sowen Hunt, Clark & Smith, P.C.

# BARWELL SECURITIES CORPORATION NOTES TO FINANCIAL STATEMENTS

#### NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

<u>NATURE OF BUSINESS</u> - The Company operates as a stockbroker handling trades on all major exchanges for customers predominantly in central Iowa. The trades are handled through a brokerage clearing house. Receivables represent commissions earned on trading transactions and are due from brokers and dealers. Management considers these receivables to be fully collectible; accordingly, no allowance for doubtful accounts is considered necessary.

<u>PROPERTY AND EQUIPMENT</u> - Property and equipment are stated at cost less an allowance for accumulated depreciation. The cost of the property and equipment is depreciated over the estimated useful lives of the related assets. The net book value (cost less accumulated depreciation of \$4,375) of property and equipment was \$477. Depreciation expense for the year was \$238.

<u>ESTIMATES</u> - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

<u>CONCENTRATIONS</u> - The Company handles a majority of its trades through a single securities broker and dealer and a single future commission merchant. The receivables from brokers arise from these entities.

<u>TRANSACTIONS RECORDING POLICY</u> - Customers' securities and commodities transactions are recorded on a trade date basis with related commission income and expenses recovered on a trade date basis.

#### NOTE B - SUBORDINATED LOANS

Borrowings subordinated to the claims of general creditors totaling \$30,500 have been contributed under agreements requiring annual interest payments at 12%. Scheduled maturities of these unsecured notes payable are as follows:

Year ending November 30,

2006	\$ 2,500	
2007	28,000	
	\$ 30,500	_

These borrowings are outstanding notes payable to certain shareholders. Interest expense on these related party notes totaled \$3,660 during 2004.

# BARWELL SECURITIES CORPORATION NOTES TO FINANCIAL STATEMENTS

#### NOTE C - INCOME TAXES

The Company has approximately \$105,000 of unused net operating loss carryforwards at November 30, 2004 that are available to apply against future taxable income. As it is unclear whether the Company will generate sufficient taxable income to utilize the net operating loss carryforwards, the Company has recognized a valuation allowance for the full amount of the deferred tax asset generated by the loss carryforwards. The net operating loss carryforwards begin to expire in 2005.

loss carryforwards Valuation allowance		21,543 (21,543)
Net deferred tax asset	\$	-

#### **NOTE D - COMMITMENTS**

The Company leases its office under an operating lease requiring monthly rental payments of \$525. Office lease expense for the year ended November 30, 2004 totaled \$6,583. The lease expires in August 2005.

### NOTE E - NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At November 30, 2004, the Company had net capital of \$27,344, which was \$22,344 in excess of its required net capital of \$5,000. The Company's aggregate indebtedness to net capital ratio was .03 to 1.

David W. Hurst, CPA Kathleen A. Koenig, CPA Robert R. McGowen, CPA Michael W. McNichols, CPA Thomas J. Pflanz, CPA John A. Schmidt, CPA Daniel A. Schwarz, CPA S. James Smith, CPA

To the Board of Directors
Barwell Securities Corporation

In planning and performing our audit of the financial statements and supplemental schedules of Barwell Securities Corporation (the Company) for the year ended November 30, 2004, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal controls.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- 1. Making quarterly securities examinations, counts, verifications, and comparisons
- 2. Recordation of differences required by rule 17a-13
- 3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

www.mhcscpa.com

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at November 30, 2004 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified users.

Me Sower Hunt Clark & Smith, P.C.

West Des Moines, Iowa
